Robinson, Jeff & Beverly
Rodemann, Bill & Lynn
Sandstrom, Dean
Santangelo, Ray & Bobbie
Skinner, Joel & Carol
Wecker, Dihl & Ruth Ann
Wesolowski, Wes & Mary Jane
Wigstrom, Tom & Sally

Red Lake Association Meeting of August 2007 - Summary

RED LAKE LAKE ASSOCIATION MINUTES OF MEETING

A regular meeting of the Red Lake Lake Association was held on August 18, 2007, at the Wascott Town Hall in Wascott, WI.

An announcement that the Red Lake Lake Association has been officially qualified as a "lake association." We are now eligible to apply for grants. ☺

Scott Toshner, Senior Fisheries Biologist from the DNR, discussed Red Lake Fishery Management.

Motion was made to order some "No Parking" signs for the boat landing. Tom will contact Val. The large sign already there will be moved to the end of the landing (on the south side) to get out of the way of the snow plow.

Discussion by Tom, Mary, and the Johnsons about the excellent Lakes Conference they attended in June at Telemark. There are lists of shoreline plants available. We can contact Dragonfly Gardens Native Plants Nursery at (715) 268-7760 or dragonflyplants@hotmail.com. Their website is www.dragonflygardens.net

Discussion by members Dohl Wecker and Ray Santangelo about a presentation they attended in Solon Springs. They learned of a fish disease in Lake Winnebago, which has affected lakes in other parts of Wisconsin. Viral Hemorrhagic Septicemia (VHS) is a deadly fish virus and an invasive species that is threatening Wisconsin's fish. This disease hasn't been found in Lake Superior yet, but officials continue testing for it.

The next meeting will be held on the Saturday of Memorial Day weekend at 9am at the Town Hall.

Respectfully submitted by

Carol Skinner,
Secretary

Announcements

Scott Toshner, DNR Fishery Manager will be presenting at the annual meeting on May 24th at 9am. Scott talked at our meeting last August and gave an outstanding presentation about the Red Lake fishery and our history. Unfortunately, the member turnout that day was small. Scott agreed to come back and talk to our members again. Scott said that he will have new and different information this year to talk about. We assured him that we would have a much larger turnout for him this time.

If you want to know why you aren't catching all the walleyes that have been stocked in the lake, Scott can tell you why. The DNR history for Red Lake goes back to 1933 but here is the stocking from the past twenty years.

Here is a summary of the stocking of our lake over the past twenty years:

1988	Walleye	12,980 Fingerling
1989	Walleye	2,580 Fingerling 2,475 Large Fingerling
1991	Walleye	6,245 Fingerling 1,000 Large Fingerling
1992	Walleye	2,580 Large Fingerling
1994	Walleye	6,477 Fingerling
1996	Walleye	5,800 Fingerling
1998	Walleye	6,450 Fingerling
2000	Walleye	12,900 Fingerling
2002	Walleye	12,900 Fingerling
2004	Walleye	12,965 Fingerling
2006	Walleye	9,245 Fingerling

If you have any questions regarding the DNR, fishery issues, invasive species or other lake issues, please let Tom Mahoney know prior to the May 24 meeting and he will forward those questions to Scott so he can address them.

Summer meeting date to be determined at the annual meeting.

Red Lake Association web site has moved. Our new web address is: <http://www.redlakeassociation.org>

Joel Skinner made the arrangements to have the web site moved to another host. This will make it much easier to locate our web site. Thanks to Joel for making this happen!

Northwest Lakes Conference, will be on Friday June 20th 8:30 – 4:30 at Telemark Conference Center in Cable. This will be a joint conference with the Bayfield County Lakes Forum. Keynote presentation by DR. JOHN MAGNUSON, Global warming/lakes expert. Sponsored by the lakes and rivers associations of Bayfield, Burnett, Douglas, Sawyer and Washburn Counties, the Wisconsin Association of Lakes, and the University of Wisconsin-Extension.
